

Business Analytics Nanodegree Program

Udacity Nanodegree (In Collaboration with Tableau and Mode)

Course-3: SQL for Data Analysis

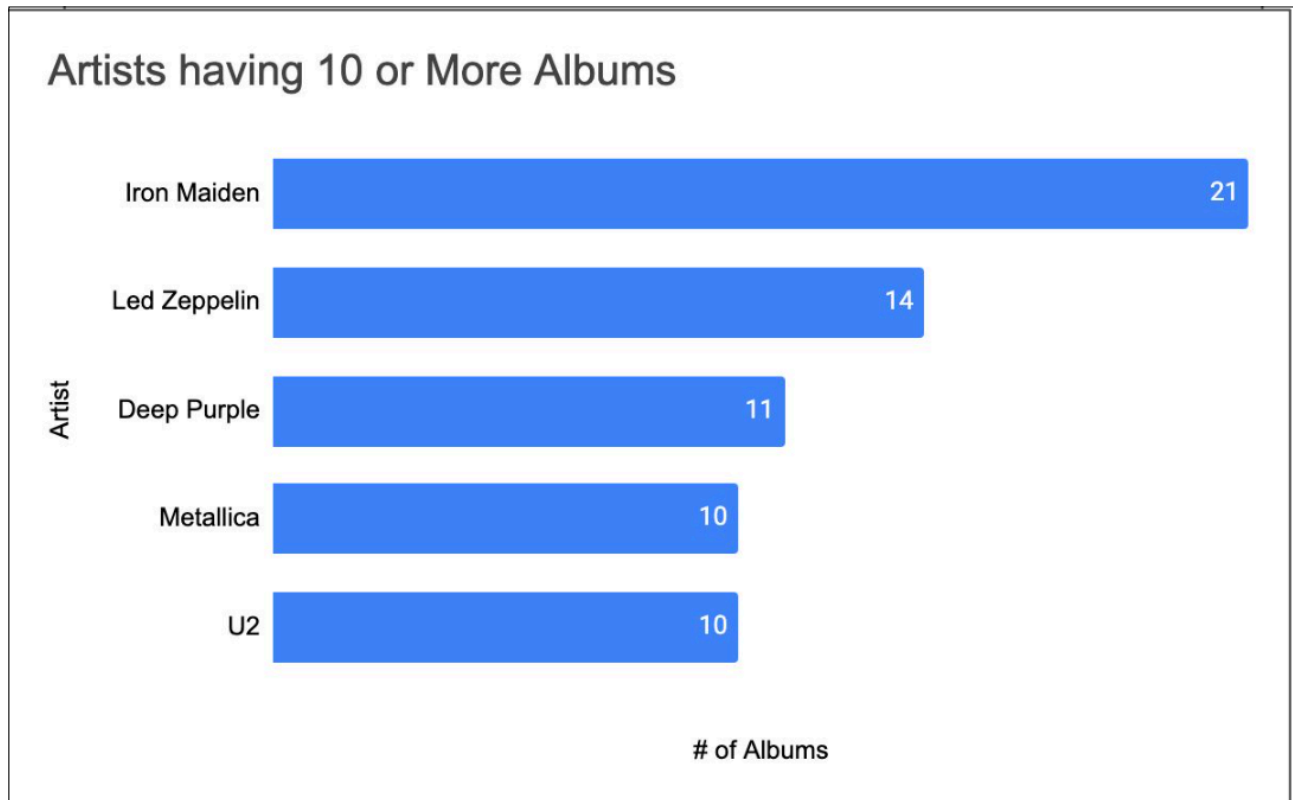

Project: Query Digital Music Store

1. What albums have the greatest number of tracks?

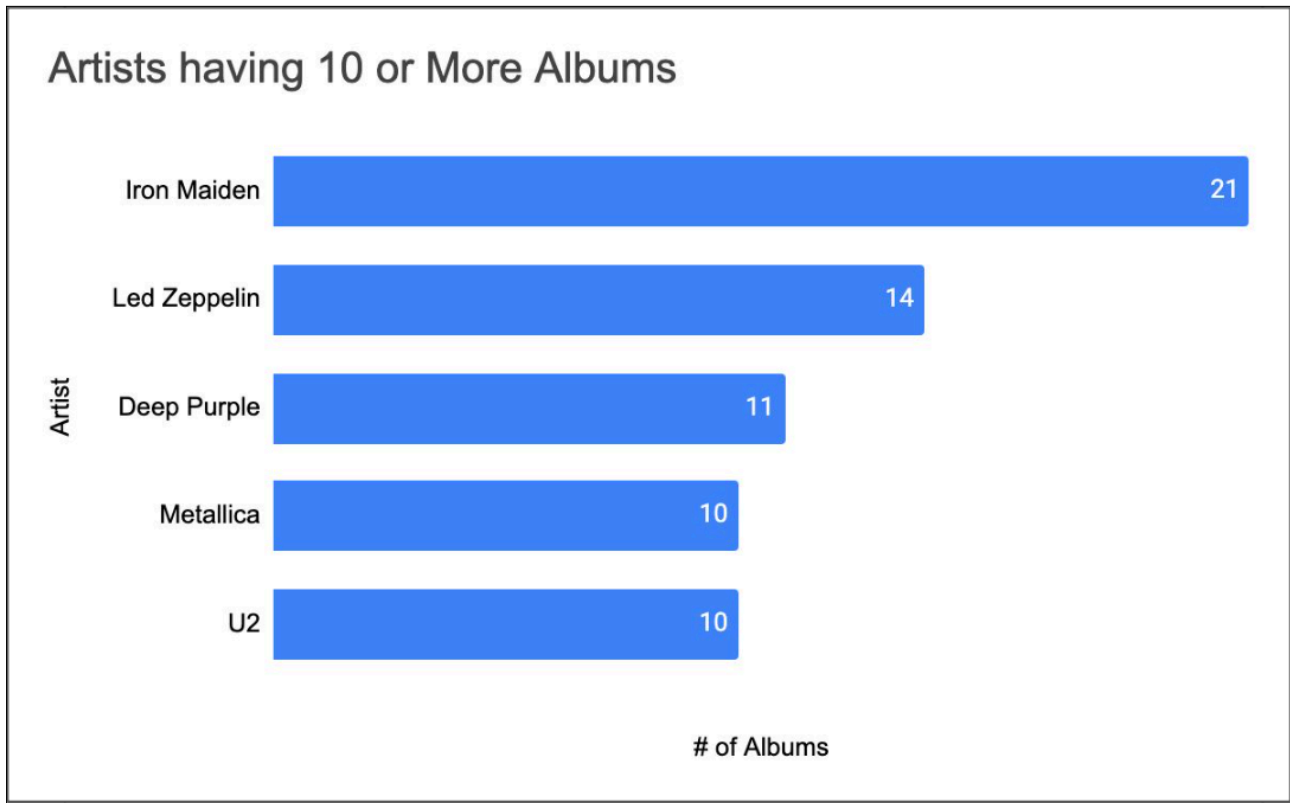

A. From the bar-chart, we can observe that Greatest Hits (#57) has highest number of tracks, followed by Minha Historia (#34).

2. Which Artists have at least 10 or more albums?

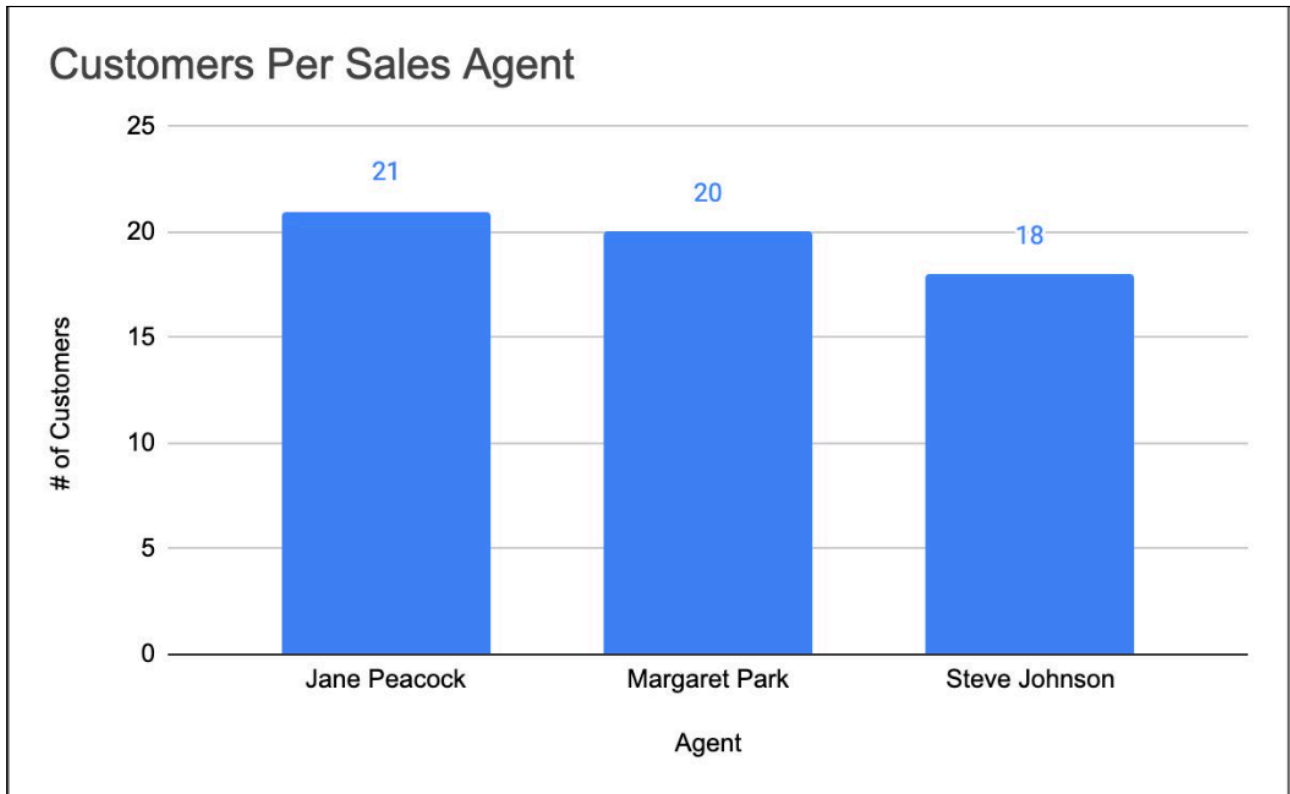

A. From the horizontal-bar-chart, we can see that U2, Metallica, Deep Purple, Led-Zeppelin and Iron Maiden have at least 10 or more albums

3. How many customers do we have per sales agent?

A. From bar-chart, we can see Jane Peacock(#21) had maximum number of customers followed by Margaret Park (#20) and Steve Johnson (#18).

4. Which Day of the Week has the maximum sales?

A. From the line-chart we can observe the Wednesday(#348) had maximum sales, followed by Sunday (#341). Tuesday had least sales.
